What is MIXED MEDIA art anyway?

Mixed media is a term used to describe artworks composed from a combination of different media or materials. Common materials used to create mixed media art can include, but are not limited to, paint, cloth, paper, wood and found objects.

What materials do you work with?

We're glad you asked! Acrylic paint, inks, pencils, crayons, markers, watercolor paint, paper, organic materials like feathers, leaves, and twigs, beads, and occasionally sparkly stuff. It's quite free actually ;).

What techniques do we teach?

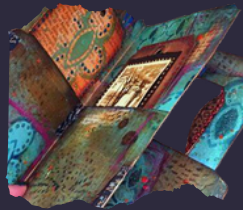

We're ALL about freedom of exploration of creativity. Our classes are primarily focused on:

- bookbinding / journal making
- Gelli press printing
- collage
- canvas paintings
- jewelry making
- journaling techniques
- mixed media explorations
- incorporating art and poetry
- painting on other surfaces

Do you love themes?

We do! Themes are our specialty. We are multicultural ourselves so themes are a way of life around here. Some of our favorites include African, Indian, Mediterranean, Mexican, Native American, birds, nature, flowers, soul care, faith based, and abstract designs and patterns.
